

Meldrum – Electrical & Instrumentation Engineering specialist

Meldrum limited supply electrical / instrumentation installation, testing and maintenance services to clients throughout the UK.

Meldrum

Based in Carlisle, Meldrum Ltd has been supplying its services to clients throughout the UK since 2005. Working mainly in market sectors that require the highest levels of quality and safety, the company has grown to offer an impressive range of services including electrical installation, testing, maintenance & automation services.

Meldrum carries out instrumentation and electrical installation activities on existing plant and new build projects throughout mainland UK. Whether in part, or in total, it can deliver the complete instrument/ electrical package – from conception through to installation and commissioning.
